Messages from Organiser

Tn. Hj. Johari Abu Kasim

President, PERANTIM

INNOMd: Innovation Pitching Powered by PERANTIM is a bold initiative that underscores our commitment to transforming Malaysia into a regional hub for medical device innovation. This platform represents a historic first — an open, inclusive space where inventors, researchers, and entrepreneurs converge with industry leaders and regulators to accelerate the journey from idea to market. We believe that by championing homegrown innovations, fostering strategic partnerships, and enabling commercial pathways, Malaysia can elevate its position from being a user of global technologies to a leading contributor of world-class solutions. PERANTIM is proud to lead this national mission, and INNOMd is just the beginning.

Dr. Hyzan Yusof

Organising Chairman, INNOMd

INNOMd is more than just a platform — it is a purposeful movement to bring together Malaysia's brightest minds in healthcare innovation with the industry players who can drive these ideas forward. As Organising Chairman, I am proud to witness how this initiative has created a dynamic bridge between research, innovation, and commercialisation. By empowering local talent, encouraging university-industry partnerships, and providing direct access to investors and decision-makers, INNOMd is paving the way for Malaysia to stand out as a serious contender in the global medtech arena. This is a collective journey, and we are only just getting started.

Mr. Roy Chin

**Founder & Executive Chairman, Vista Robotics Inc.
Innovation Advisor, PERANTIM**

INNOMd is a powerful catalyst that brings innovation to life. As Innovation Advisor, I believe that Malaysia has the talent, passion, and potential to lead in the global medtech space. What we need is the right platform — and INNOMd is exactly that. It connects innovators with real-world opportunities, helping them move from prototype to production, and from local recognition to global reach. I am honoured to be part of this journey and look forward to seeing Malaysia-made innovations improve lives across the world.

EXECUTIVE OVERVIEW

INNOMd 2026 Is Malaysia's flagship medical device innovation and investment platform purpose-built to bridge the gap between research, regulation, industry, and capital. Bringing together innovators, surgeons, venture capitalists, policymakers, corporate leaders, and academia under one roof, INNOMd accelerates the journey from prototype to commercialisation.

THIS IS HERE :

**BREAKTHROUGH
IDEAS GAIN VISIBILITY**

**INDUSTRY FORMS
STRATEGIC PARTNERSHIP**

**INVESTORS DISCOVER
CURATED DEAL FLOW**

**MALAYSIA STRENGTHENS
ITS GLOBAL MEDTECH
POSITION**

What sets INNOMd apart is its multi-stakeholder approach under one roof to support innovation across the entire value chain — from R&D to market entry. This pioneering initiative marks a new chapter for Malaysia, where collaboration, visibility, and commercialisation drive the national medtech innovation agenda forward.

INNOMd is not just about pitching.
It is about building the next generation of investable Malaysian medical technologies.

Organiser:

Strategic Partners:

An initiative to spotlight and accelerate medical device and healthcare innovations across Malaysia and the ASEAN region. Hosted by PERANTIM, INNOMd connects startups, researchers, and tech developers with investors, regulators, and industry leaders—positioning Malaysia as a regional medical innovation hub and bridging R&D with commercialization for local and global markets.

DRIVING NATIONAL & GLOBAL IMPACT

Through its multifaceted approach, INNOMd supports Malaysia's New Industrial Master Plan (NIMP), driving sustainable growth and global competitiveness. It solidifies Malaysia as a premier destination for medical device innovation and investment.

HOLISTIC SUPPORT ECOSYSTEM

PERANTIM is committed to ensuring each pitch's success through INNOMd, offering comprehensive support. It is an ecosystem designed to nurture and propel medical technology innovations, significantly impacting global healthcare.

POWER TALK BY RENOWNED INNOVATORS

The INNOMd Innovation Showcase offers stakeholders a chance to experience cutting-edge medical technologies and prototypes firsthand—strengthening partnerships and accelerating Malaysia's healthcare transformation.

HIGH-LEVEL GOVERNMENT OFFICIALS PARTICIPATION

Power Talks by innovators, government, academia, and industry leaders share insights and expertise in healthcare technology—educating and inspiring a knowledgeable, innovative community at INNOMd.

Regulatory Guidance

Helping innovators navigate regulations to ensure compliance and streamline approvals.

Access to Financial Aid

Connecting innovators with investors and financial institutions to secure project funding.

Government Grants

Facilitating access to government grants and funding for innovative medical devices.

Strategic Partnerships

Fostering strategic partnerships with industry stakeholders to accelerate growth.

Why Participate in INNOMd 2026 ?

For Researchers & Innovators

- Showcase your innovation to real investors and industry
- Receive structured feedback from VCs and regulators
- Gain commercialisation guidance
- Access corporate partnership opportunities
- National-level exposure and credibility

For Startups

- Pitch directly to strategic capital and industry buyers
- Closed-door investor networking session
- Regulatory pathway briefing
- Potential pilot partnerships with hospitals
- Media visibility & brand positioning

For Investors & Corporate Partners

- Curated, pre-screened innovation pipeline
- Early access to university and clinical research
- Direct access to founders
- Co-investment and syndication opportunities
- Strategic positioning in Malaysia's MedTech ecosystem

What happens after you win?

MALAYSIA MEDTECH LEADERSHIP FORUM BY INNOMD 2026

DAY 1

CAPITAL . COMMERCIALISATION . GLOBAL POSITIONING

Time	Session	Topic	Speaker
11.00	OPENING VISION	SESSION 1 Opening Vision <i>"Malaysia - Leading the Next Wave of Medtech"</i> An opening vision outlining Malaysia's strategic opportunity to move beyond manufacturing into innovation ownership, commercialisation, and global MedTech leadership.	JOHARI ABU KASIM President, PERANTIM
11.15	FOUNDER REALITY SPOTLIGHT	SESSION 2 From Prototype to Pressure <i>"The Untold Realities of Buidling a Medical Device Startup"</i> A candid founder story revealing the real challenges of funding, regulation, clinical validation, and market entry — offering practical lessons for aspiring innovators.	DR. SITI AINOL KHATIBAH MOHD JAMIL Chief Executive Officer, Advance Pact Sdn Bhd
11.30	GLOBAL STRATEGIC KEYNOTE	SESSION 3 The Global Surgical Robotics Race <i>"Where Malaysia Stands - and Where It Must Compete"</i> A strategic keynote examining global advancements in surgical robotics, investment trends, and how Malaysia can position itself competitively in high-value MedTech sectors.	ROY CHIN Founder & Executive Chairman, Vista Robotic
12.00	SERIES 1: UNDERSTANDING FAILURES	SESSION 4 Inside the Mind of a MedTech Investors <i>"Why Most Medical Device Startups Fail?"</i> In this session, a venture capitalist shares candid insights into how investors evaluate medical device startups and why many innovations fail to secure funding. Drawing from real investment experiences, the discussion highlights common pitfalls — from weak market validation and regulatory gaps to unclear commercial strategies — while offering practical guidance on how innovators can better position their ideas for investment and growth.	RAJIV NAYAR Group CEO, The Rhodium Group Kuala Lumpur
12.30	Lunch & Investor-innovator Networking		
13.30	SERIES 2: BE PREPARED	PANEL 1 From Lab to Investment: Making MedTech Startups Fundable <i>What founders must do?</i> Venture capitalists, ecosystem leaders, and industry experts discuss what it takes for medical device innovations to move from research to investment-ready ventures. The panel explores technology readiness, regulatory pathways, market validation, and business strategy required to attract funding and scale successfully.	Moderator: DR HYZAN YUSOF InnoMD Organising Chairman 2026 Panelists: NORMAN MATTHIEU VANHAECKE Group CEO, Cradle Fund Sdn Bhd AZRAN OSMAN-RANI CEO & Co-Founder, NALURI DR. SITI AINOL KHATIBAH MOHD JAMIL Chief Executive Officer, Advance Pact Sdn Bhd

MALAYSIA MEDTECH LEADERSHIP FORUM BY INNOMD 2026

DAY 1

CAPITAL, COMMERCIALISATION, GLOBAL POSITIONING

Time	Session	Topic	Speaker
14.00	SERIES 3: SEIZE OPPORTUNITY	PANEL 2 Malaysia's next Big MedTech Bets "A Cross-Sector Investment Debate" This session explores the emerging MedTech sectors with the greatest potential to attract investment and drive future growth. Industry leaders and investors discuss where capital should be directed — from robotics and advanced diagnostics to biomaterials and digital health — to strengthen Malaysia's position as a competitive hub for medical technology innovation.	Moderator: NADIAH WAN Founder & CEO of Nine Yards Venture Sdn Bhd Panelists: KHAILEENG Managing Partner, 500 Global ROY CHIN Founder & Executive Chairman, Vista Robotics DR. KHOO CHOW HUAT Managing Director, Hospital & Healthcare Operations, Sunway Healthcare Group DR. MURALITHARAN PARAMASUA CEO, Medical Device Authority (MDA), Ministry of Health, Malaysia
14.30	INNOMD OFFICIAL OPENING CEREMONY	Opening Remark by President of PERANTIM, <i>Tuan Johari Abu Kasim</i> Welcome Speech by CEO Medical Device Authority (MDA), Ministry of Health Malaysia, <i>Dr Muralitharan Paramasua</i> Welcome Speech by Director General of Health, Ministry of Health Malaysia, <i>Datuk Dr Mahathar bin Abd Wahab</i> Official Opening Ceremony Launch Token of Appreciation to Guest of Honour Showcases Tour by Guest of Honour	
15.15	Coffee Break & Strategic Networking		
15.45	InnoMD PLATFORM SESSION	SESSION 5 InnoMd Building Malaysia's Flagship Medical Device Innovation Platform "Vision, Outcome & Road Ahead" An overview of INNOMD's strategic vision, key milestones, and future roadmap — showcasing how the platform connects innovation, capital, and industry to accelerate Malaysia's MedTech growth.	DR HYZAN YUSOF InnoMD Organising Chairman 2026
16.00	CLINICAL CAPABILITY	SESSION 6 From Research to Robotic Reality "Building Malaysia's Surgical Capacity & Clinical Readiness" This session explores how Malaysia can translate robotic research into real clinical adoption — strengthening surgical expertise, hospital infrastructure, and ecosystem readiness to compete in advanced medical technologies.	TS. DR. LUTHFFI IDZHAR ISMAIL Senior Lecturer, Faculty of Engineering, Universiti Putra Malaysia

MALAYSIA MEDTECH LEADERSHIP FORUM BY INNOMD 2026

DAY 1

CAPITAL . COMMERCIALISATION . GLOBAL POSITIONING

Time	Session	Topic	Speaker
16.30	ADVANCE MATERIALS	SESSION 7 Engineering the Future of Medical Devices "Biomaterials, Precision Design & Commercial Opportunity" This session explores how advanced biomaterials and precision engineering are transforming modern medical devices. From innovative materials like Nitinol to next-generation design applications, the discussion highlights how science-driven breakthroughs can unlock strong commercial potential and position Malaysia at the forefront of high-value MedTech innovation.	DR. MUHAMMAD ASIF AHMAD KHUSHAINI CEO & Co-Founder, Nitium Technology Sdn Bhd
17.00	FUTURE STRATEGY FORUM	PANEL 3 Future-Ready MedTech "Strategic Sectors That Will Define the Next 10 Years" This forward-looking session examines the high-growth MedTech sectors set to shape the next decade — from robotics and AI-driven diagnostics to sustainable technologies and rehabilitation solutions. Industry leaders and investors share insights on emerging trends, market opportunities, and strategic priorities that will determine long-term competitiveness and innovation leadership.	Moderator: DATO' PROF. IIR. DR. MOHAMMED RAFIQ DATO' ABDUL KADIR Department of Biomedical Engineering, Univeristi Malaya Panelists: PROF. DR. MOHD AZMANI SAHAR Consultant Emergency Physician, Faculty of Medicine & Science Health, Univeristi Sains Islam Malaysia TS. LUTHFFI IDZHAR ISMAIL Faculty of Engineering, Universiti Putra Malaysia DR. MUHAMMAD ASIF AHMAD KHUSHAINI CEO, Nitium Technology Sdn Bhd PROF. DATO. DR HARON AHMAD Senior General Surgeon, KPJ Hospital PROF. DR.
